- “**Postcode**” – 6 characters (including space), in **bold** letters

### Parameters:

Font size (heading):	2 mm
Font size (capital letters):	3 mm
Font size (municipality):	4 mm
Font size (postcode):	5 mm
Number of rows:	up to 5

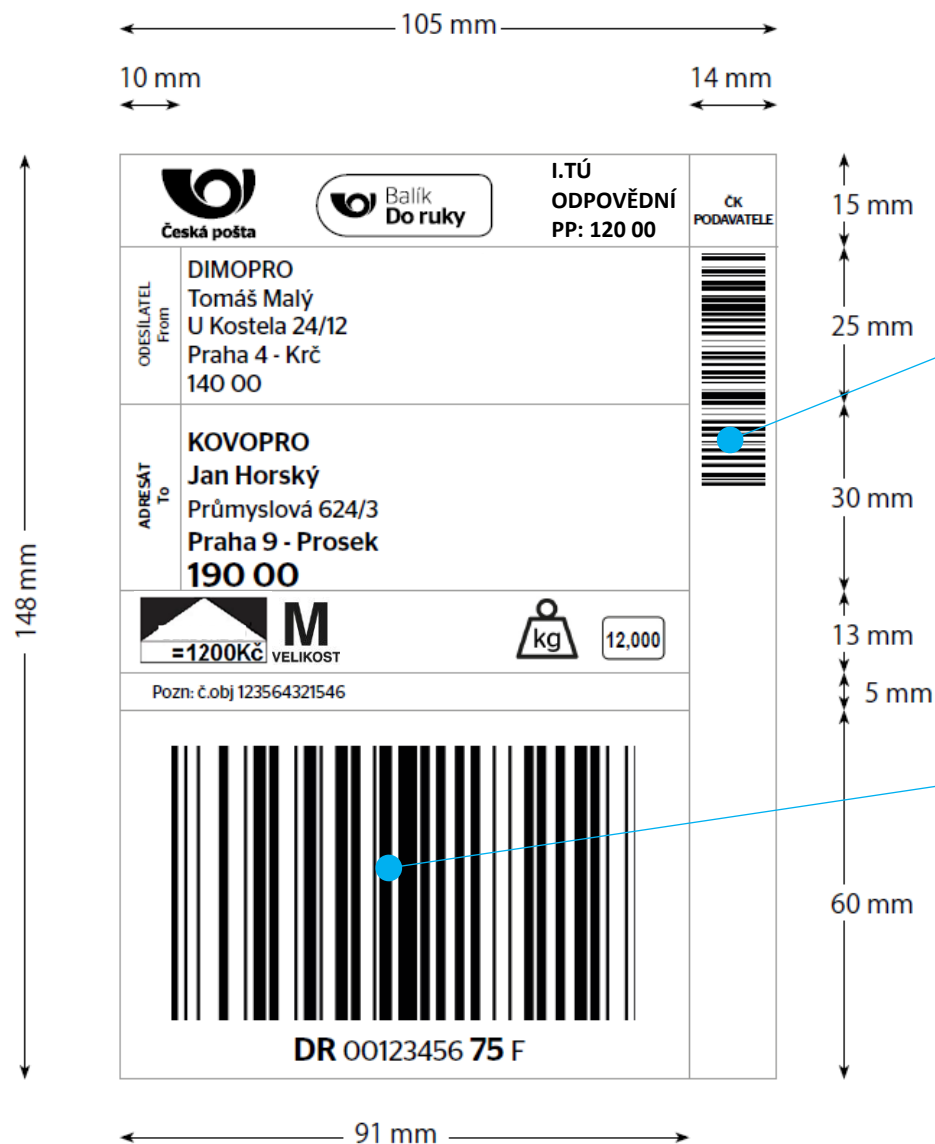

## D. ADDITIONAL SERVICES AND SENDER'S INSTRUCTIONS

**Only the services required by the client should be printed.** If the number of additional services or sender's instructions is too large to print all the matching pictograms on the AL, the sender should enter as many services on the AL as possible and specify all services required for the consignment in the posting data and on the posting certificate.

SERVICE	DESCRIPTION	DETAILED SPECIFICATION	ALIGNMENT	PICTOGRAM (ICON)	PICTOGRAM SIZE	PRINT ORDER OF MULTIPLE SERVICES
<b>CASH ON DELIVERY</b>	for consignments with additional service 41, Du	Use <b>bold digits sized 3,5 mm</b> to enter the COD amount and the <b>currency (CZK)</b> , preceded by the <b>equality sign (=)</b> , in the field CZK.	Left		30x10 mm	1
<b>MULTIPLE PIECE PARCEL</b>	For consignments with additional service 70 or 69	Enter at least the prefix, last 5 digits of the consignment ID, and suffix above the icon identifying the main mailpiece plus the serial number of the mailpiece below the icon.	Left		10x10 mm	2
<b>DELIVER TO BUSINESS (B2B PARCEL)</b>	For consignments with additional service 40	x	Left		10x10 mm	3
<b>DEPOSITED PARCEL</b>	For consignments additional service 31	(regardless of the prefix) or consignments addressed to P.O.Box	Left		10x10 mm	4
<b>FRAGILE</b>	For consignments with additional service 11	x	Left		10x10 mm	5
<b>OVER 15 KG/ OVER 30 KG</b>	For consignments weighing more than 15 kg / more than 30 kg	x	Left		10x10 mm	6j
<b>RESTRICTED DELIVERY</b>	For consignments with additional service 8 or 33	Delivery to the Addressee Only	Left		10x10 mm	*7
<b>CUMBERSOME</b>	For consignments with additional service 10	x	Left		10x10 mm	*8
<b>CONSIGNMENT SIZE</b>	One of the size categories S, M, L, XL	The icon is not required if the consignor is not obliged to specify the size.	Left		10x10 mm	*9
<b>WEIGHT</b>	Weight with the acronym "kg" and the field for numerical identification - weight should be printed if it has been entered in the posting data.	If the posting data does not include weight, leave the icon empty so that weight can be written by hand.	<b>Right</b>		20x10 mm	10 will always be printed

\* If there is not enough space, the icon will not be printed.

# Specimen AL with the consignor's barcode

If the contractual consignor wishes to modify the AL by printing **an additional barcode**, the barcode should be located in the upper right-hand zone of the predefined AL and turned by 90°, always subject to a prior approval by Czech Post's operational personnel. Barcode quiet zone 2 mm on both the left and right side.

**For barcoding instructions see the following documents:**

["Technical Documentation - Consignments Posted by Contractual Consignors - Bulk Posting"](#)

["Instructions for Barcoding of Parcels - Bulk Posting"](#)
